At Good Shepherd we have Faith in People. This means seeing the whole person, not just the problem. Hearing the warmth in their voice, not just the despair. Recognizing that everyone is a father, a mother, a son or a daughter. Seeing the potential and promise where others don’t. For those we serve at Good Shepherd, our faith in people means all of this. Most of all, it means they discover their faith in themselves.

Our services depend on the support of people who share our vision. There are lots of different ways to get involved – from volunteering your time and talent, donating food and clothing, to making a financial donation. To find out more about us, please contact us or visit our website at www.goodshepherdcentres.ca.

Barrett Centre
For Crisis Support

Our Mission

The Barrett Centre provides a range of immediate and unique crisis supports available 24 hours a day, in a safe and supportive setting.

We are committed to working with individuals from diverse communities who are experiencing emotional distress or crisis.

We support people to identify their needs and their strengths, to find sources of support and hope, and to feel more in control of their situation.

“I was so relieved there was a beautiful, clean, safe environment that was available for me at my lowest, desperate time of my life. I wish I knew about this place sooner … this is exactly what I’ve needed all along.”

What We Do

Barrett Centre provides care and support to people who experience a mental health crisis and do not need to stay in the hospital. We provide services 24 hours a day, 365 days of the year.

Crisis Telephone Support
Telephone support is always available to assist in finding solutions to a person’s crisis. This may be done through immediate and ongoing support or referral information to other pertinent community supports.

Crisis Counselling
We encourage individuals seeking face-to-face counselling to call our Crisis Line. An appointment for a one-on-one session with a crisis support staff member will be arranged.

Crisis Stay
Barrett Centre has private and semi-private rooms for people who need a short-term stay for crisis support. Those who stay at the Centre have access to skilled crisis workers who are accessible around the clock. The Centre provides a safe atmosphere where clients can lock the doors of their rooms.

Beyond Self Harm Group
Barrett Centre runs a weekly group session to support people who experience challenges with self-harming behaviour to find other options. Please call us for more information on this 10-week program.

We Are Part of the Solution

Barrett Centre for Crisis Support works in partnership with other professionals in the community. We provide help with referrals to other community resources as needed and appropriate.

Referrals
