Family Centre clients

At Good Shepherd we have Faith in People. This means seeing the whole person, not just the problem. Hearing the warmth in their voice, not just the despair. Recognizing that everyone is a father, a mother, a son or a daughter. Seeing the potential and promise where others can't – or won't. For those we serve at Good Shepherd, our faith in people means all of this. Most of all, it means they discover their faith in themselves.

Our services depend on the support of people who share our vision. There are lots of different ways to get involved – from volunteering your time and talent, donating food and clothing, to making a financial donation. Family Centre

Good Shepherd Family Centre offers emergency accommodation to families who are homeless. All services and supports are geared towards assisting families in achieving sustainable housing and greater stability in the community. The Family Centre staff recognizes that each family has unique needs and strengths. All of our services support families in building on those strengths to achieve their short and longer term goals. We strive to provide a welcoming, safe environment where families in transition can overcome the barriers they face in finding and sustaining housing.

Our Goal

Faith in People – Faith in Families

The Family Centre staff work closely with families to help them identify and access the resources required to find housing and build effective support networks that will enhance their quality of life in our community. In addition to temporary accommodation, a full range of supports including emergency food and clothing, housing assistance, supportive counseling, advocacy, and referral to community services are available. A skilled staff team is on-site 24 hr, 7/days/week and includes family support workers, child and youth workers, and a housing advocate.
